## ♥ Dental's Most Loved Dental Practice ♥

Fantastic team and experience. Coming from someone who has had some terrible past experiences that kept me out of a dental chair for several years, they were truly great.

Clean, efficient, and a wonderful staff.

Chris M.

Never would I have imagined I'd actually look forward to going to the dentist. This place is amazing.

The decor is nice and modern, and the exam rooms have two TVs: one on the wall and one on the ceiling for you to watch during the exam. The whole place has a very tranquil feel about it.

Mike T.

The team at Dental Valley far surpassed any expectations on multiple occasions. It's rare to find such a competent group of people in a profession. Specifically, Dr. Currie, Kelsi, and Jo-Beth run with dignity and respect. From the front of the office to Dentist's chair in the back, one would find it difficult to find any negatives with this practice. 15/10!
